HVAC/R Contractor  
Nelson, British Columbia, Canada

## Summary

Hard-working HVAC/R Master Service Technician with 12+ years of experience, offering proven history in managing residential, commercial and industrial HVAC needs with skillful and efficient repairs. I have installed over 128 home systems, most as lead tech. Handled 800+ service calls, building strong customer relationships, growing annual revenue 10%.

I have a passion for providing excellent customer service and ensuring that every job is completed efficiently and effectively. My expertise includes installing, repairing, and maintaining a wide range of HVAC/R systems, including heating, ventilation, air conditioning, refrigeration, and more. Throughout my career, I have demonstrated a strong work ethic and a commitment to delivering high-quality results. I am constantly seeking out new opportunities to learn and grow as a professional, and I am dedicated to staying up-to-date with the latest industry trends and technologies. Above all, I am dedicated to providing exceptional service to my clients and contributing to the success of my team. I am always looking for new connections and opportunities to collaborate with other professionals in the HVAC/R industry, so please feel free to reach out and connect with me!

May 2020 - Present (3 years 4 months)

Lagos, Nigeria

\* Led a team of 2 HVAC/R techs on designing, fabrication and installation of various sizes and capacities of walk-in cold storage in busy frozen food business.

\* Performed over 78 full hermetic and semi-hermetic condensing units and their indoor evaporators, using brands like Copeland, Bitzer, Carrier (Carlyle) Danfoss (Maneuropo) etc, most on 2,000+ sq/ft structures.

- \* Handled over 850 service calls of cold storage compressor overhauling and repairs, spare parts replacements with 97% customer satisfaction NG.
- \* Sales and distribution of HVAC/R equipments eg chiller condensing units and evaporators, semi-hermetic and hermetic, screw, scroll and belt drive compressors (Copeland, Bitzer, Carrier, Danfoss, Panasonic, Daikin) condensing units etc.
- \* Residential and Commercial Air-conditioning system services such as refrigerant gas and compressor replacements, cleaning, disassembling and reassembling of AC systems.
- \* Assembled air ducts, pipes, discharge valves and flues to central heating and cooling equipment.

Natural Basket Nigeria Ltd  
 Freelance HVAC/R Technician  
 February 2019 - April 2020 (1 year 3 months)  
 Lagos State, Nigeria

- \* Conducted preventative maintenance and troubleshoot HVAC/R systems to identify and resolve issues
- \* Performed routine inspections and provide recommendations for equipment upgrades and replacements
- \* Ensured compliance with safety regulations and company policies
- \* Documented all service work, including time and materials used, in a detailed and accurate manner for billing and record-keeping purposes

IKN Technical Services Ltd  
 HVAC/R Apprentice/Sales Representative  
 March 2014 - January 2019 (4 years 11 months)  
 Lagos, Nigeria

I worked as an apprenticeship in this establishment and acquired very vast knowledge in the HVAC and refrigeration industry. My time here presented the opportunity for me to take on complex practical and soft skill which enhanced my expertise.

- \* Assisted with install of HVAC system in 5,000 sq/ft animal shelter.
- \* Commended 4 times by manager for willingness to handle any dirty job.
- \* Used sales skills to sell new products and systems to customers.
- \* Initiated and nurtured impactful relationships with customers to cultivate loyalty.

Lafarge Nigeria

Construction Worker

March 2010 - December 2013 (3 years 10 months)

Nigeria

- \* Worked with more knowledgeable professionals to grow understanding of principles and construction standards.
- \* Installed drywall, flooring and other interior finishes to create finished and functional living and work spaces.
- \* Assisted in constructing roads, bridges and other infrastructure projects to respond to economic, fiscal and environmental changes.
- \* Assembled and disassembled scaffolding and ladders to guarantee safety of workers while performing tasks at heights.
- \* Brought materials and tools from trucks and storage facilities to work site locations and organized for expected needs.
